GROWTH

CONFORMATION

He is the highest rated bull of the 2021 selections, scoring 85 points for exterior. Guevara gained 2033 g in the test, weighing 689 kg in the year. His breeding value for growth in direct effect is 135! Guevara has an absolutely flawless exterior, his muscling, capacity and overall harmony are excellent. With an excellent length of body he has an exemplary topline. Very interesting are his pelvic proportions in both hip and seat humps. The dam of Mewil Lucy 14D is a very milky cow. In her pedigree and we find the bulls Red Six Mile Sakic and Young Dale Touch Down. We expect exceptional growth, muscling and show exterior from the Guevara progeny.
