CONFORMATION

Favori PP is a homozygously polled bull. His sire Istra PP was imported from a very famous German herd. His calves has excellent growth ability (breeding value for growth 119). Favori PP was selected for breeding with 81 points. His progeny convinced us that Favori is a TOP homozygously polled bull. Decent body frame, strong musculature and body length with great harmony, all this he transmits to his offspring very reliably. His first sons were rated over 80 for exterior and boldly compete with the calves by French insemination bulls. Breeders from France have also shown interest in his ID!

PERFORMANCE TEST

weight 120 d	218 kg
weight 210 d.	366 kg
weight 365 d	615 kg
daily gain in test	1775 g
daily g. since birth	1545 g

EXTERIOR EVALUATION

Frame			Body capacity			Muscularity			Breeding type	Total
VT	DT	HM	PŠ	HH	DZ	PL	HŘ	ZÁ		
9	8	10	7	8	8	7	8	8	8	81

acronymes: VT - height , DT - length, HM - weight, PŠ - chest width, HH - chest depth, DZ - pelvis length, PL - shoulder, HŘ - top line, ZÁ - Thigs
